Overview
OnePath Life Product Release
Dear Valued Adviser,

At OnePath, looking after you and your clients both today, and in the future is paramount to us. We always value your feedback and strive to deliver the benefits you and your clients want wherever we can.

In this product release we have made some enhancements to our Trauma Cover, making a great benefit even better. We’ve also refined our policy wordings across our Assurance Extra and Business Assurance products, providing consistency across benefits, improved clarity and greater certainty at claim time.

We hope the product changes outlined in this brochure will give you even more confidence in recommending OnePath to your clients.

If you have any questions or feedback regarding any of the changes outlined in this brochure please contact your Regional Sales Manager.

Kind regards,

Jeremy Nicoll
General Manager Adviser Distribution
The number of Trauma claims we receive at OnePath is continuously on the rise and we’ve seen just how valuable these payments are in a client’s time of need. To ensure our Trauma Cover remains relevant and up to date for your clients we’ve made some great new enhancements.

We’ve improved a number of trauma definitions, introduced new conditions, included new partial payments and removed the stand down period for a number of partial payments.

These enhancements apply to Trauma Cover under both Assurance Extra and Business Assurance.
Cancer is the reason for 50% of Trauma Cover claims, while 26% claims are heart related.

Policy Upgrade Benefit – Our Guarantee to Your Clients

Don’t forget - whenever we make enhancements to our product range we pass them on to your clients*. This means that if they ever need to make a claim, they can have comfort in knowing that they will be assessed using the best of either the most recent policy wordings, or the policy wording provided to them when the policy commenced.

*These changes apply to all OnePath Life policies issued on or after 1 May 2004.

Business Assurance Trauma Cover

In addition to the new Trauma enhancements we have made some favourable changes to our Business Assurance Trauma Cover to better align it with Assurance Extra Trauma Cover.

- Business Assurance now covers the same conditions as Assurance Extra (with the exception of Terminal Illness)
- We have added the Return to Home Benefit
- We have added the Support Person Accommodation Grant and Transfer Benefit
- We have added the partial payment for low grade cancers
- The optional life cover buy-back benefit has been enhanced to allow a 6 month wait period for a number of conditions before the life cover can be bought back ie Paraplegia, Parkinson’s Disease, Alzheimer’s Disease, Dementia, Blindness, Combined Loss of Limb and Sight, Loss of Limbs, Multiple Sclerosis.
According to a recent survey*, many New Zealanders are sceptical that the end benefit will actually be paid, some citing the reputation of insurance companies for hiding behind definitions and exclusions.

*Massey University, Exploring Underinsurance within New Zealand, 2011.
In today’s environment we understand that it’s more important than ever for you and your clients to have confidence in their insurance policy.

We have reviewed our policy wordings for Assurance Extra and Business Assurance with the aim of providing greater consistency across benefits and more transparency to reduce uncertainty or ‘grey’ areas.
**Parental Leave Loyalty Benefit**

We have both clarified and enhanced our policy wordings for this benefit. Previously this benefit did not provide cover for pregnancy or birth related conditions. This exclusion has now been removed (apart from any mental condition related to the pregnancy or birth).

We have also clarified the eligibility criteria – the policy must be current and not in arrears at the time the Parental Leave Loyalty Benefit is applied for. Suspension of premiums cannot be backdated.

**Client Membership Benefits**

We have clarified the services available to OnePath customers under this unique and valuable benefit. We have also specified that Client Membership Benefits are available to New Zealand residents only and that a 90 day stand down period applies.
Remind your clients about the free and independent services available to them.

**Illness-related services include:**
Grief counselling, illness counselling, anxiety counselling, depression counselling, anger management and relationship guidance.

**Support services include:**
Stop smoking counselling, drug addiction counselling, alcohol addiction counselling, gambling addiction counselling, small business advice, career counselling and budgeting advice.
Guaranteed level premiums – Assurance Extra

We have reviewed the section in the policy wording related to premium review periods and clarified the level cover benefits that have their premiums guaranteed:

ACCELERATED COVER
We have clarified that where an accelerated benefit has been paid, any other accelerated benefit reduces to the level of the remaining life cover.

LIFE EVENTS BENEFIT
We have clarified that the most recent terms apply to any increase in cover under the Life Events Benefit.

For Mortgage Repayment Cover, the limitation of only one increase per year has been removed.

POLICY CANCELLATION
We have now better aligned our policy wording with our practice around cancellations and clarified that the effective date of cancellation depends on the payment frequency.

KEY PERSON START-UP COVER, MORTGAGE REPAYMENT COVER, SELF EMPLOYED AGREED VALUE INCOME COVER
We have clarified the partial disability calculation.

Amount payable = sum insured amount \( \times (1-\left(\frac{\text{hours worked per week while partially disabled}}{\text{hours worked per week on average in the 3 months prior to total disability}}\right))\).

DEFINITIONS
To help your clients better understand their policy we have added more definitions to the Assurance Extra umbrella wording.

OTHER CHANGES
Throughout the Assurance Extra and Business Assurance documents you will note that we have improved the formatting and consistency across benefits.

*Take a look at the new wordings on the Adviser Hub.*
More reasons why your clients can have confidence in their OnePath policy

• We’ve been paying claims for over 11 years and throughout this time we have remained committed to our philosophy to do what’s right for our customers every time. That means we look for ways to pay claims – not how to get out of paying them.

• OnePath Life (NZ) Limited has an AA- (very strong) current insurer financial strength rating from Standard & Poor’s (Australia) Pty Limited. This means that OnePath Life is considered to have a very strong ability to pay out eligible claims.

A summary of the rating scale can be viewed on our website at onepath.co.nz/insurance or at our office. Alternatively the full rating scale is published by Standard & Poor’s on its website at www.standardandpoors.com.
